## ABOUT MALAYSIAN INSTITUTE OF ART

Founded in 1967 as a non-profit organization, the Institute has trained thousands of professional artists, designers and musicians for the creative industries in the country. Today the Institute provides a range of Diploma courses in the field of art, design and music with comprehensive and well-designed course contents.

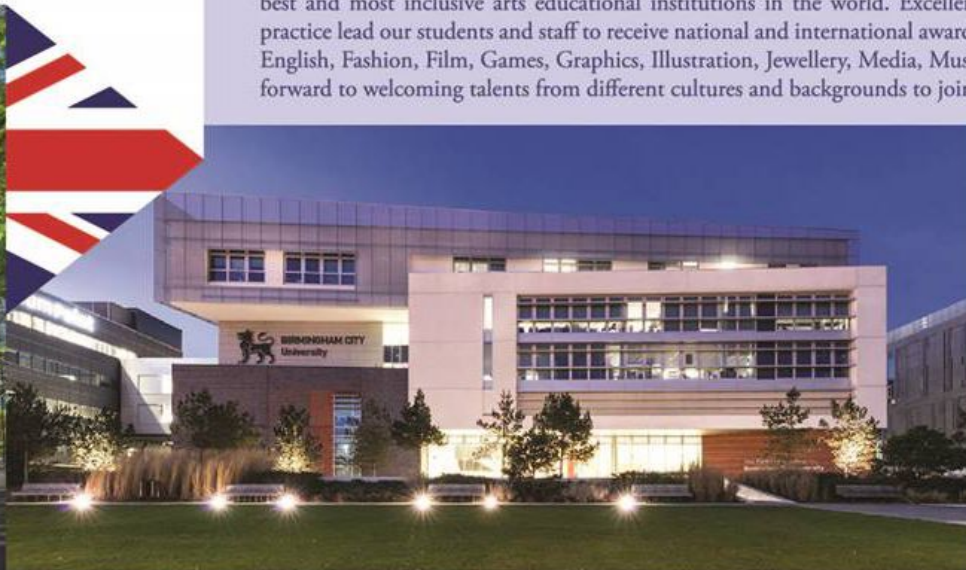

## ABOUT BIRMINGHAM CITY UNIVERSITY

With around 24,000 students from 80 countries, Birmingham City University is a large, diverse and increasingly popular place to study. We put students at the heart of everything we do, giving them the best opportunities for future success.

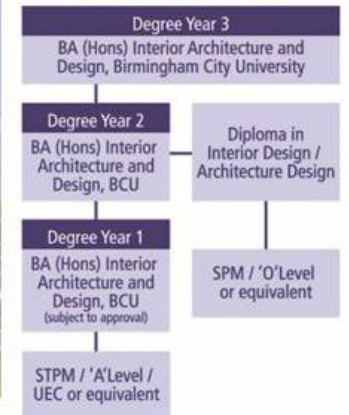

The University has an enviable reputation for providing quality, student-focused education in a professional and friendly environment

## Since 1843

With cutting-edge facilities, brilliant people and outstanding creativity, the Faculty of Arts, Design and Media (including the former BIAD-Birmingham Institute of Arts and Design) at Birmingham City University is one of the best and most inclusive arts educational institutions in the world. Excellent teaching, research and professional practice lead our students and staff to receive national and international awards in Acting, Architecture, Art, Design, English, Fashion, Film, Games, Graphics, Illustration, Jewellery, Media, Music, Photography and Textiles. We look forward to welcoming talents from different cultures and backgrounds to join us.

## ENTRY PATHWAY

## PROGRAMME OVERVIEW

Our BA (Hons) Interior Architecture and Design course provides you with the skills to transform or give new life to spaces, as well as teaching you how to plan and design creative interior. You will look at hierarchies and relationships between different spaces, describing these relationships in new ways.

This industry-aligned degree course offers you the opportunity to study and practice the adaption and re-use of space within new and existing building stock, while also addressing aesthetics, human needs, materiality and more, as well as the ephemeral qualities of atmosphere, character, colour, light and shade.

Alongside the regeneration of existing space, you will discover new interior environments, in a broad range of industry sectors, such as hospitality, retail, leisure and residential, using an experimental approach to design to develop the refined techniques required for effective space planning, conceptual design, development, visualization and the refurbishment of space.

During each year of study you will be working closely with our team of Industry Professionals that dedicate time each week to working alongside you as students, helping to align all projects and work output with the industry standards, and in context of present day projects.

## PROGRAMME STRUCTURE

YEAR ONE	YEAR TWO	YEAR THREE
<p>After completing year one, you will be eligible for Certificate of Higher Education.</p> <p>Modules include:</p> <ul style="list-style-type: none"> <li>• Re-ordering Space</li> <li>• Manipulating Space</li> <li>• Transforming Space</li> <li>• 20th Century Movements in Architecture and Design</li> <li>• Design Devices</li> </ul>	<p>After completing year two, you will be eligible for Diploma of Higher Education.</p> <p>Modules include:</p> <ul style="list-style-type: none"> <li>• Design Communication</li> <li>• Collaborative Practice</li> <li>• Interior Strategies</li> <li>• Transforming Space</li> </ul>	<p>After completing year three, you will be eligible for Honours Degree.</p> <p>Modules include:</p> <ul style="list-style-type: none"> <li>• Critical Study</li> <li>• Design Integration</li> <li>• Major project</li> </ul>
